

Nguyen Minh Cuong

Software Engineer

1) OVERVIEW

Full name:	Nguyen Minh Cuong	
Date of Birth:	27/09/1994	
Gender:	Male	
Nationality:	Vietnamese	
Mobile:	0335465063	
Email:	cuongnm.godev@gmail.com	

2) CAREER OBJECTIVES

With a dedicated heart in programming and 3 years of experience in software development in backend technologies, I want to bring to the client the best software that works. With the purpose to become an expert in software development, I want to working with difference platforms and difference domain in this software industry.

3) TECHNICAL SKILLS

Programming Languages	Java , Go, Javascript
Databases	Postgresql, MySQL, Oracle
Tool & Frameworks	Spring boot, Spring cloud, RabbitMQ, Elasticsearch, Hibernate, Docker.

4) EMPLOYMENT HISTORY

Jun 2021 – Present

Viettel Software Service - Viettel Corporation
Backend Engineer

Feb 2018 – May 2021

Luvina JSC
Backend Engineer

5) LIST OF PROJECTS

Description: Working as a backend engineer to develop the backend of the sharing car service. This project uses Java as the main language and Spring as the framework for all of its microservices.

Duration: 11 months

Team size: 13 members

Responsibility: Team leader

- Implement the re-design system.
- Upgrade the old system to new platform.
- Review & merge source code.

Technologies:

- Java/Spring Boot as the programming language/framework.
- Server size rendering technique.
- Thymleaf for rendering the web page.
- MySQL for storing data.
- REST for communication between services.
- AWS S3 for storing media file such as video, image.
- Docker.

Project: MyViettelStore 2.0

Description: Working as a backend developer to upgrade the backend of sim connect service.

Duration: 6 months

Team size: 1 member

Responsibility:	Backend developer <ul style="list-style-type: none"> ● Split service to a microservice from monolithic application using spring boot. ● Implement some feature like face recognition face, ID card recognition, reporting.
Technologies:	<ul style="list-style-type: none"> ● Java/Spring Boot as the programming language/framework. ● Oracle for storing data. ● REST for communicate between services. ● SOAP for consume web service from Viettel backend server. ● Docker.

Project: ERP for retail system of Viettel Store.

Description:	Application allows employees store and manage order information, customer information of Viettel Store.
Duration:	6 months
Team size:	12 members
Responsibility:	Backend developer <ul style="list-style-type: none"> ● Design and implement report service according to documents provided.
Technologies:	<ul style="list-style-type: none"> ● Java/ Spring Boot as the programming language/framework. ● Oracle for storing data. ● REST for communicate between services. ● Keycloak for authentication/authorize. ● Minio for storing image product. ● Elasticsearch for increament search. ● Redis for caching.

Project: ESR project

Description:	A CRM project solves sales problems. It help employee manage sales operation process, share information efficiently and track the activities of salesperson.
Duration:	12 months
Team size:	40 members
Responsibility:	Backend developer <ul style="list-style-type: none"> ● Re-design webapp & mobile UI by using XD.

- Design & develop backend of timeline services include database, API flow.
- Technologies:
- **Java/ Spring Boot** as the programming language/framework.
 - **PostgreSQL** for storing data.
 - **REST** for communicate between services.
 - **Elasticsearch** for searching.
 - **Redis** for caching.
- Project:** **Club Tourism Internation JP**
- Description: A booking tour system.
- Duration: 8 months
- Team size: 8 members
- Responsibility: Backend developer
- Implement new feature.
 - Fixbug.
- Technologies:
- **VB.NET** as the programming language/framework.
 - **Server size rendering** technique.
 - **MySQL** for storing data.

7) LANGUAGE SKILLS

Vietnamese:	Native language
English:	Able to read/write technical documents. Basic communicate.

8) EDUCATION/QUALIFICATIONS

Sep 2012 – Otc 2017	Information Technology - Hanoi University of Science and Technology
---------------------	---

9) OTHER SKILLS

- Good soft skills, team-work
- Fast learning, self-motivated
